CAREER OBJECTIVE

Graduate of computer science with experience working across the full-stack of software development. I have built 30+ projects on 7 small teams and am looking for a role with Cisco where I can grow and continue to learn from other experienced team members.

WORK EXPERIENCE

JavaScript Web Programmer

Freelance

📅 2019 - current   📍 Online

- Developed online personal trainer web app using JS, SQL, and HTML/CSS that allowed customers to train from home.
- Worked with product managers to re-architect a multi-page web app into a single page web-app.

PROJECTS

Online personal trainer Web application

Creator

📅 January 2022 - February 2022

- Built a responsive web app using JavaScript and HTML/CSS that allowed users to have a workout on their phone everywhere.
- Built a SQL database that stores all data and information of clients for the owner.
- Designed and conceived the concept of the whole web application.
